

2024 Mid-Atlantic Destination Racers – Save the dates

This is very preliminary with assumed dates and content.

When the CBYRA Greenbook is available updates will be made possibly adding or removing races

Short Series – best 2 of 3

- Annapolis to Miles River ~ May 25
- Governor's Cup – Aug 2
- NAS Oxford – Sept 7

Long Series – best 4 of 7 including the Short Series races

- Annapolis to Bermuda – June 7
- A2C Lighthouse Challenge – August 24?
- PSA Race to Rock Hall – Oct 5?
- Baltimore Harbor Cup – Oct 19?

Scoring for this series is totally separate from the OFFICIAL scoring by the Organizing Authority.

By creating a much larger FLEET scoring including all monohulls, both Handicap & One Design boats, regardless of which handicap system entered this follows the original mandate of the Pacific Handicap Racing Fleet to **“4) obtain as many race results as possible and carefully record them for handicap review.”**

Only MADR members are eligible for trophies. The cost is \$20 and requires the boat to have a current PHRF of the Chesapeake certificate.

Details on the ratings used to score the races will follow but the short version is North American Ratings start with PHRF as the base rating at 10 knots and VPP Polar information is used to support Wind Speed ratings for 6,8,12,16 & 20 knots. There is no cost for these ratings unless the owner wants to request a Rating Review which requires a Valid VPP certificate.

For more information contact MADR Administrator
